**Elcometer 224**

**Digital Surface Profile Gauge**

The Elcometer 224 provides the very latest in surface profile measuring technology for measuring profile on either flat or curved surfaces.

**STANDARDS:**
ASTM D 4417-B, SANS 5772, SSPC PA 17, US Navy NSI 009-32, US Navy PPI 63101-000

- **Fast reading rate of 50+ readings per minute**
- **Stores up to 150,000 readings in up to 2,500 alpha numeric batches**
- **Integral & separate probe options for flat and convex** surfaces
- **Dust and water resistant rugged design equivalent to IP64**
- **USB and Bluetooth® data output to ElcoMaster® software**
- **2 YEAR**

WARRANTY

* Elcometer 224 gauges are supplied with a one year warranty against manufacturing defects.
  The warranty can be extended to two years via www.elcometer.com
** USA Patent Numbers: 9,261,345

^ Convex probe up to 25 readings per minute
Elcometer 224

Digital Surface Profile Gauge

Fast, accurate and very user friendly, the Elcometer 224 is available with or without memory and Bluetooth®.

- Accurate, immediate and repeatable results
- Review batch data or last 20 readings in a graph format
- Time and date stamped measurements
- Auto rotating display with tap awake feature
- User replaceable tough tungsten carbide tips
- Measures on flat and convex surfaces
- 2.4” colour screen provides enhanced reading visibility at all angles
- Ergonomic design for comfort during continuous use
- Integral or separate probes measure profiles up to 500μm (20mils) on flat or curved surfaces**

Elcometer 224 Model T: Made for iPhone 6 Plus, iPhone 6, iPhone 5s, iPhone 5c, iPhone 5, iPhone 4s, iPhone 4, iPad Air 2, iPad mini 3, iPad Air, iPad mini 2, iPad (3rd and 4th generation), iPad mini, iPad 2, and iPod touch (4th and 5th generation). “Made for iPod,” “Made for iPhone,” and “Made for iPad” mean that an electronic accessory has been designed to connect specifically to iPod, iPhone, or iPad, respectively, and has been certified by the developer to meet Apple performance standards. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards. Please note that the use of this accessory with iPod, iPhone, or iPad may affect wireless performance.

www.elcometer.com
Elcometer 224

Digital Surface Profile Gauge

Designed with you in mind

User Friendly
- Large buttons ideal for gloved hands
- Easy to use menus in multiple languages
- High contrast colour LCD with auto rotate
- High and low reading limit indicators
- Factory calibrated for immediate use

Tough
- Sealed, heavy duty and impact resistant
- Dust and waterproof equivalent to IP64
- Suitable for use in harsh environments
- Scratch and solvent resistant display
- Durable gauge and probe construction

Accurate
- Measurement capability to ±5%
- Can be used in accordance with National and International Standards
- Temperature stable measurements
- Statistics are calculated and displayed in real time
- Live and batch readings graph format for instant analysis

Efficient
- Fast reading rate of 50+ per minute
- Integral and separate probe versions to suit your application
- Alpha numeric batch identification
- Compatible with ElcoMaster® and ElcoMaster® Mobile App
- Powersave mode with tap awake

Reliability
- Repeatable and reproducible measurements
- 2 year gauge warranty
- Supplied with fully traceable Test Certificates
- Batch & individual readings are date and time stamped

Powerful
- User replaceable tough tungsten carbide tip - can be used for up to 20,000 readings
- USB and Bluetooth® data output to iPhone* or Android™ devices
- Stores up to 150,000 readings in 2,500 batches
- Measures profiles up to 500μm (20mils)

*Compatible with iPod, iPhone and iPad.

Technical Specification

- **Display information**: 2.4" (6cm) QVGA colour TFT display, 320 x 240 pixels
- **Battery type**: 2 x AA batteries, rechargeable batteries can also be used
- **Battery life**: Approximately 24 hours of continuous use at 1 reading per second#
- **Minimum Headroom**: Integral: 185mm (7.3")
  Separate: See page 7
- **Gauge dimensions (h x w x d)**: Integral: 168 x 73 x 37mm (5.61 x 2.87 x 1.46")
  Separate: 141 x 73 x 37mm (5.55 x 2.87 x 1.46")
- **Gauge weight (including batteries)**: Integral: 218g (7.69oz)
  Separate: 161g (5.68oz)
- **Measurement range**: 0-500μm (0-20mils)
- **Probe tip**: Tungsten carbide tip 60° angle; Tip Radius: 50μm (2mil)
- **Operating temperature**: -10 to 50°C (14 to 122°F)
  **Storage temperature**: -10 to 60°C (14 to 140°F)
- **Accuracy & Resolution**: Accuracy*: ±5% or ±5μm (±0.2mil); Resolution: 1μm (0.1mil)
- **Packing List†**: Elcometer 224 gauge, glass zero tile†, 2 x calibration foils†, wrist harness, plastic transit case (T), protective case, screen protector, probe protection cap†, 2 x AA batteries, test certificate, operating instructions, USB cable (T) & ElcoMaster® software (T)

Elcometer

Digital Inspection Kits

These digital inspection kits have been specifically designed to undertake the three principal inspection requirements in the Protective and Industrial Coatings Industry—climate, surface profile and dry film thickness. Ideal for 'paperless’ quality assurance systems the kits come complete with ElcoMaster® Data Management Software for professional reporting and analysis.

* Whichever is the greater
# Using default settings & lithium batteries, alkaline or rechargeable batteries may differ.
† For separate gauges, the test foils, glass zero tile and probe protection cap are supplied with the separate probe.
● Test Certificate supplied as standard.

†† Probes are supplied separately, see page 7 for details
Digital Surface Profile Probes

**Flat Surface Profile Probes**
Supplied with either standard cables or armoured metal reinforced heavy duty cables, Elcometer surface profile probes are supplied with a glass zero plate, calibration test foils; nominal values 125µm (5.0mils) & 508µm (20mils) and an Elcometer test certificate.

**Convex Surface Profile Probes**
Supplied with either standard cables or armoured metal reinforced heavy duty cables, Elcometer convex surface profile probes are supplied with a glass zero tile, calibration test foils (nominal values 125µm (5.0mils) & 508µm (20mils)) and an Elcometer test certificate.

### Technical Specification

**Range:** 0-500µm (0-20mils)

ElcoMaster® Mobile App brings the office to where you are.

You can connect Elcometer Bluetooth® enabled inspection gauges directly to iPhone, iPad and iPods or Android™ mobile phones and tablets via ElcoMaster® Mobile App.

When out in the field or on site, you can review data instantly using our free ElcoMaster® Mobile App. Press ‘Generate PDF’ and watch the ElcoMaster® App produce a professional report instantly. Email the report to your client seconds after you have finished inspecting or upload it via cloud technology so it can be accessed anywhere in the world.

With data transferred to mobile devices whilst out in the field, the Elcometer gauge does not have to be returned to the office for data download. Inspection work can continue without interruption.

ElcoMaster® Mobile App shares many features of ElcoMaster® for PC:
- Download batches from Elcometer Bluetooth® enabled gauges
- Add notes, photographs and diagrams
- Pdf.¹ and email reports
- Using the phone’s GPS feature, add this data to batch files
- Use collection batch measurement location points on photos or images to indicate to users where each measurement needs to be taken²

¹ Available on iOS devices only
² Available on Android™ only

Surface Profile
Salt Contamination
Climatic Conditions
Coating Thickness
Corrosion Thickness
Adhesion Testing
Gloss Measurement
With data transferred to mobile communication devices, the Elcometer gauge does not have to be returned to the office for data download. Inspection work can continue without interruption.

**Connect**
Connect gauge via Bluetooth® to phone to see live readings directly on the phone and save them into batches.

**Review**
Review average, maximum and minimum readings instantly.

**Analyse**
Analyse data via sequential readings, statistics, charts & histograms or on images.

**Manage & Print**
Store all data; dry film thickness, surface profile, climate and manual reports in easy to manage folders.

**Photos & Notes**
Add photos, notes and comments.

**Send**
Email inspection data from a mobile device to a PC for further analysis and reporting or transfer data via the Cloud.

**GPS**
Store GPS locations in batches and view location on Google Maps.
The different ways ElcoMaster® can help you do your job better

ElcoMaster® has been designed to be a very intuitive method of developing professional reports, it is however extremely versatile. Here are just a few ways ElcoMaster® can be used in day-to-day activities of a coating professional.

1. **Gauge to PC to Excel**
   - Transferring inspection data straight into Microsoft Excel via Bluetooth® or USB is simple and easy.

2. **Gauge to PC data transfer into ElcoMaster®**
   - Using Bluetooth® or USB, ElcoMaster® transfers inspection data in seconds, archiving data and generating reports at the click of a button.

3. **ElcoMaster® Mobile App for immediate data transfer from the site to the office**
   - Transfer inspection data straight to mobiles and tablets via Bluetooth® when on site for instant analysis, generate .pdf reports1 and email them back to the office for storing, review and QA reporting.

4. **Upload to a cloud for real time analysis anywhere**
   - Using ElcoMaster® Mobile App you can upload inspection data, photos, notes and GPS coordinates direct to a Cloud² account of your choice via 3G/4G or WiFi.
   - All data is instantly visible to other approved users of the account - through a secure log-in on any computer or mobile device anywhere in the world.

5. **Seamlessly link multiple sites or production lines**
   - ElcoMaster® gives you real time quality control monitoring from multiple inspection projects in any location. You can compare and combine inspection data from different production lines or different locations, to produce specific Project Inspection Reports quickly and easily.

1 Available on iOS devices only
2 Available on Android™ only
How ElcoMaster® Works

6. Real time collaboration for multi-site projects

Real time collaboration for multi-site projects
When working with manufacturers of sub-assemblies across the globe ElcoMaster® can collate all inspection data from each site, assembly line and project into one shared location. Contractors can then:
• Accept or reject parts before shipment from sub-assembly plants.
• Combine all data from sub assembly and final assembly inspection to generate Project Inspection Reports for quality management, both during the project and after completion of the project.
• Have real time in progress visibility across the whole project, no matter where the sub-assembly manufacturing is in the world.
• Have multi-site collaboration, real time dialogue and decision making to improve efficiency and quality throughout the production process.

Real time communication
Featuring instant messaging the ElcoMaster® Mobile App lets you add messages to inspection data, projects and files, allowing you to immediately discuss key points with your colleagues, managers or clients, send work instructions and store messages within the project file.

Your data - your choice - your control
ElcoMaster® allows you to decide which Cloud service provider to use. It is your data, it is secure as only approved users can have access, no third parties can see your data.
ElcoMaster® Mobile App is compatible with a range of cloud service providers and FTP servers including:
Elcometer 224 Model T: Made for iPhone 6 Plus, iPhone 6, iPhone 5s, iPhone 5c, iPhone 5, iPhone 4s, iPhone 4, iPad Air 2, iPad mini 3, iPad Air, iPad mini 2, iPad (3rd and 4th generation), iPad mini, iPad 2, and iPod touch (4th and 5th generation). “Made for iPod,” “Made for iPhone,” and “Made for iPad” mean that an electronic accessory has been designed to connect specifically to iPod, iPhone, or iPad, respectively, and has been certified by the developer to meet Apple performance standards. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards. Please note that the use of this accessory with iPod, iPhone, or iPad may affect wireless performance.
